**CLOSINGCORP NAMED A HW TECH100 WINNER FOR SIXTH
CONSECUTIVE YEAR**

SAN DIEGO, April 4, 2019 – [ClosingCorp](https://www.closingcorp.com), a leading provider of residential real estate closing cost data and technology for the mortgage and real estate services industries, announced today that it has been recognized as one of HousingWire’s 2019 HW Tech100™ winners.

HousingWire Magazine’s sixth annual HW Tech100 list honors 100 innovative technology companies that serve the U.S. housing economy, including the real estate and mortgage industries.

“These companies hold the most innovative and impactful technology in mortgage finance, and continue to move markets forward with their new innovations,” said Kelsey Ramirez, HousingWire’s associate editor. “The future is bright for the mortgage industry, and it’s because these companies continue to push the edge of what is possible.”

ClosingCorp was recognized for its flagship product, SmartFees, that integrates loan file information, transfer tax and recording data, service provider fees and business rules and requirements into a single, seamless process and platform. Unlike other solutions, SmartFees captures actual fee data, not estimates, from more than 20,000 service providers and 4,000 recorder offices and tax jurisdictions.

“ClosingCorp strives to provide our customers with timely, accurate and transparent rates and fees and best-in-class technology to deliver it,” said Bob Jennings, chief executive officer of ClosingCorp. “We are honored to be recognized among the industry’s best and brightest, for the sixth time.”
