

## **What our Clients Need to Know About a Release Scheduled for August 8, 2019:**

### **For All Clients:**

#### **Bug Fixes**

#### **Property Inspection Waiver Error**

Some clients have been experiencing an error with the Property Inspection Waiver feature. A fix has been implemented for clients with accounts that do not have specific appraisal product rule configured and that allow the Property Inspection Waiver. Clients will have the option to choose an appraisal product on the Questions tab and have an AMC provider auto-selected on the Fees tab.
