

## Product Release April 23rd, 2021:

The ClosingCorp Fees solution will be updated in the release with major changes that will be visible in the Fees User Interface and the Fees APIs.

- **Appraisal Management Company (AMC) Enhancements:**

Moving our AMC service from the old rate engine to our new rate engine to provide better support for future enhancements in the ClosingCorp Fees application.

- **Renovation Loan Processing:**

Support for VA and USDA Renovation loans, Homestyle loans and enhancements to the FHA 203k loan functionality.

- **Multi Family Property type:**

Introduction of 3 and 4 units in the UI and API.

**Note:** All the changes are backward compatible for API clients/partners. Clients using our APIs will not have to make any changes to continue using the AMC service in the application.

### Testing Environment:

These enhancements are currently available on our UAT test environment (see details below). We highly recommend that you review these changes before the release since it may result in updates to your training user manuals and workflows.

### Environment Paths:

- ClosingCorp Fees URL: <https://uat.smartfees.com>
- API Path: <https://uatdev.smartfees.com>

To get more information on how to connect to these environments, contact your Account Manager for more details.

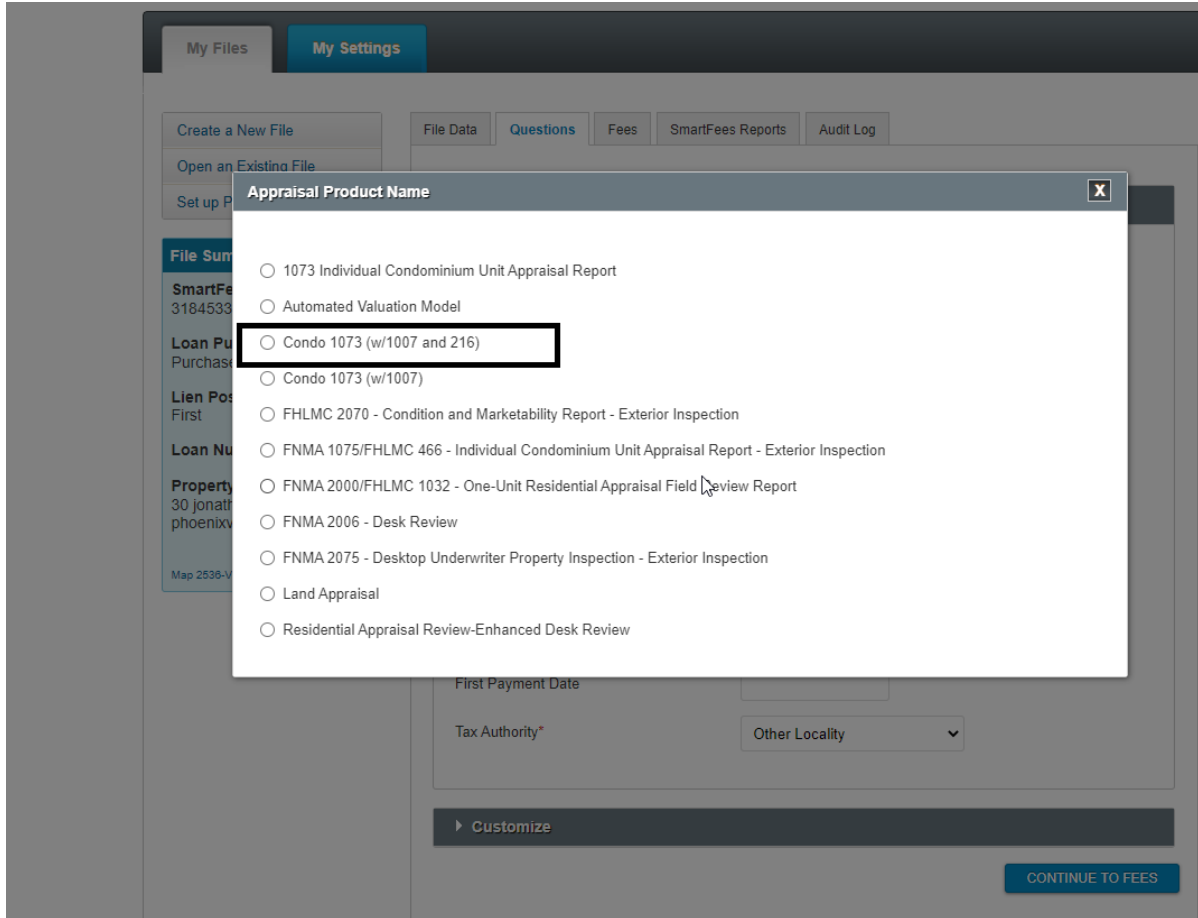

## APPRAISAL MANAGEMENT COMPANY (AMC) ENHANCEMENTS

- ✓ Appraisal products and add-ons have been renamed to better match industry standards
- ✓ More than one AMC product can be selected on a file.
- ✓ Select Add-ons are now available as products for example FNMA 1007 Single Family Rent Schedule and FNMA 216 Operating Income Statement.
- ✓ New appraisal products and add-ons

### **Unbundling combined Appraisal product and add-ons:**

- We have itemized bundled appraisal products and enhanced the User Interface and the API so that multiple products can now be selected individually.
- With the above change we have also removed add-ons like the 1007 and 216 and made these into appraisal products.
- On existing files that had the 1007 and 216 selected either as part of a bundled product or as an Add-on will now show as part of the selected products.
- The following is an example of **current functionality (Figure 1)** for a condo investment property, while **Figure 2** displays the new user interface with the ability to select 1 or more appraisal products.

Figure 1: ClosingCorp Fees Questions tab - CURRENT

The screenshot displays the 'My Settings' tab in the ClosingCorp interface, specifically the 'Questions' section. A dropdown menu titled 'Appraisal Product Name' is open, showing a list of appraisal report types. The option 'Condo 1073 (w/1007 and 216)' is highlighted with a black rectangular box. Below the dropdown, there are input fields for 'First Payment Date', 'Tax Authority\*', and 'Other Locality'. A 'Customize' button is located below these fields, and a 'CONTINUE TO FEES' button is at the bottom right of the form.

**Appraisal Product Name**

- 1073 Individual Condominium Unit Appraisal Report
- Automated Valuation Model
- Condo 1073 (w/1007 and 216)
- Condo 1073 (w/1007)
- FHLMC 2070 - Condition and Marketability Report - Exterior Inspection
- FNMA 1075/FHLMC 466 - Individual Condominium Unit Appraisal Report - Exterior Inspection
- FNMA 2000/FHLMC 1032 - One-Unit Residential Appraisal Field Review Report
- FNMA 2006 - Desk Review
- FNMA 2075 - Desktop Underwriter Property Inspection - Exterior Inspection
- Land Appraisal
- Residential Appraisal Review-Enhanced Desk Review

**Renamed existing products to standardized naming convention:**

The following existing appraisal products have now been renamed to reflect industry standards. Pricing for these renamed appraisal products will be driven by the loan criteria.

For example: The **1004 Uniform Residential Appraisal Report (FNMA 1004/FHLMC 70)** product will reflect the pricing for a 203k loan if the loan type on the file is a 203k loan. It will also reflect pricing for a Homestyle loan if the loan type is Conventional and is a renovation loan.

1. Files started prior to implementation will have the following after implementation:
  - a. Appraisal and add-ons with no name changes will be displayed with their original names.
  - b. Appraisal and add-ons with name changes will be displayed with their new name.
  - c. Add-ons that have been switched to a product will be displayed as a product with their new name.
2. The following reports will show the new appraisal products and add-on names:
  - a. The Transaction Detail Report.
  - b. The Fee Itemization Report.

Table 1: Renamed Appraisal Product and Add On list

- Rural or Remote Local (accessible by automobile)

**Current Appraisal Add on Name**

- Property NOT accessible by automobile.
- Rural or Remote Local (accessed by automobile)

**New appraisal products and Add-ons:**

1. The following new appraisal products have been added to the ClosingCorp Fees application.
  - a. Appraisal Update and Completion Report (FNMA 1004D/FHLMC 442).
  - b. 1004MC Market Conditions Addendum to the Appraisal Report.
2. The following new appraisal add-ons have been added to the ClosingCorp Fees application.
  - a. Conversion from Conventional to FHA.

**Note:** These products and add-ons will be available for selection as and when we update rates for the AMC provider.

At the end of this document is the complete list of new Appraisal and Add on products as well as mapping table between the new and old products and add-ons.

## RENOVATION LOAN PROCESSING

Expanding support for various renovation loan types including support for Homestyle renovation, VA and USDA renovation loans and enhancements to the FHA 203k renovation loans.

---

### KEY ENHANCEMENTS

1. The following loan types will now have renovation loans:
  - a. Conventional – Homestyle renovation loans – **new**
  - b. VA – VA renovation loans - **new**
  - c. USDA/Rural Housing – USDA escrow holdback rehab programs – **new**
  - d. FHA203K – FHA renovation loans - currently supported
2. New Renovation flag to denote it's a renovation loan (see Figure 5).
3. New Limited/Streamline renovation flag to indicate if it's a limited or streamline renovation (see Figure 6).
4. Renovation loans can only be selected as a first lien position. This functionality is not available for seconds.
5. Clients will have the ability to have their whitelist updated to support renovation loans.

---

### UI ENHANCEMENTS

The ClosingCorp Fees application has been modified to include a **Renovation** flag and a **Limited/Streamline renovation** flag to denote if the renovation loan is a full or limited/streamline renovation.

When a loan is set to be a Renovation loan then the **Loan Type** dropdown will only display loan types that the application supports for a renovation loan namely Conventional, FHA 203k, VA and USDA/Rural housing (see Figure 5).

The **Questions** tab on the application will also display a **Is this a Limited/Streamline Renovation?** question which allows the user to denote if it's a limited or streamline renovation loan (see Figure 6).

## ENCOMPASS ENHANCEMENTS

### FHA203K Renovation Loans:

Updates made in Encompass for FHA203K renovation loans will automatically be pulled into ClosingCorp Fees.

Encompass users will use the FHA Management form to make updates.

1. Encompass users will set the purpose of the loan to **203K** in field 3000 in Encompass.
2. Encompass users will set the 203(K) limited program indicator in field MAX23.117.

### Conventional Homestyle Renovation Loans:

Updates made in Encompass for Conventional Homestyle renovation loans will automatically be pulled into ClosingCorp Fees.

Encompass users will use the 1003 URLA – Lender form to make updates.

1. Encompass users will set the Renovation indicator in field URLA.X132

## SUPPORT FOR MULTI FAMILY UNITS

ClosingCorp Fees previously only had a property type of Duplex that was being used to quote properties with more than one unit. We are now providing a new property type of Multi Family that will replace Duplex in the system. There will be the ability to select from 2 to 4 units for these property types. This new functionality should help customers that were previously performing work arounds for quoting these properties.

### KEY ENHANCEMENTS

1. Clients will now be able to update their rates so that for multifamily property types they can have different rates based on the number of units (up to 4 units) on the property.
2. The same verticals that were supported for duplexes will now be supported for multifamily units.
3. Illinois and New York multifamily property types will have the number of units they specify also automatically populated in their number of dwellings/unit tax question field.

**Note:** The application will continue to quote 2-unit rates for Block 6 services like Pest and Home Inspections even if units 3 or 4 is selected. Quoting rates for 3 or 4 units, for Block 6 services, will be done as part of a future enhancement.

### UI ENHANCEMENTS

1. A new Property type **Multifamily** will be displayed in the Property type dropdown and selecting

it will display a new field **No of Units** with values 2,3,4 for selection (see figure 9).

2. The following reports have been revised and will display **MultiFamily** along with the number of units:
  - a. The Fee Itemization Report
  - b. Transaction Detail Report
3. Files started prior to implementation.
  - a. Files with a property type of **Duplex** will automatically be updated to **MultiFamily** and will have the **Number of Units** set to 2. Properties in New York and Illinois will also have the **Number of dwellings/unit** field set to 2.
