

## Product Release Notes April 22<sup>th</sup>, 2021:

### Order Management Updates:

---

#### **DEVELOPED ASYNC PROCESS - WHEN PROVIDERS POST LINKS TO DELIVER DOCUMENTS**

Made updates to ensure that clients do not receive duplicates for multiple or large files, when provider sends the documents. ClosingCorp developed a process that closes the document ready message and then sends out a second asynchronous call to retrieve the remaining documents. This new asynchronous document retrieval process will include a message back to OMCC if the retrieval of the documents fail.

To take advantage of this feature, contact [Support@Closing.com](mailto:Support@Closing.com) or designated Account Manager.
