

Product Release Notes September 30, 2021:

Order Management Updates:

Enhancement Overview:

Enhancement Name	Order Management Website & Application	Encompass	Integration API XML	Other
Title: Unique email notification for signing confirmed status from the title providers	X			
Allocations: Enhance batch functionality – add ability to support allocation rules	X			
Title: Prevent data re-pushed to Encompass when new title docs Received	X			
API: Update Order Request API to add Broker Company/User information			X	

Signing Confirmed status email notification Added a <i>Title Signing Confirmed</i> line to the email notification tab, so lenders are notified of the Title Signing Confirmed status.	OM-949
---	--------

<p>Enhanced Batch Functionality to support allocation rules Added the ability to upload a batch file when allocations are enabled, with or without a designated provider, for both title and appraisal.</p>	OM-1534
<p>Data only pushed to Encompass when new title docs received Order Management now pushes data only when XML data is initially or subsequently received from the Title provider, and not resent every time a document is received, so manually updated data in Encompass is not overwritten with old data.</p>	OM-1625
<p>Updated order request API to add Broker Company/user information Updated the Order Request API to add Broker Company and User information.</p>	OM-1701

To take advantage of this feature, contact Support@Closing.com or designated Account Manager.
