---

<b>Add Encompass mapping for Planet Home eFolder</b> Added the ability to map the Disaster Inspection Report(s) to a newly configured eFolder for Planet Home in Encompass.	OM-786
<b>Encrypt passwords stored in plain text</b> Passwords stored in Order Management are now encrypted to ensure lender and provider security is maintained.	OM-1698
<b>Implement Integration Settings – Flood Messages</b> Implemented Mortgage Industry Standards Maintenance Organization (MISMO) format for Flood Messages in Order Management.	OM-1903
<b>Implement Integration Settings – All Products</b> Implemented Mortgage Industry Standards Maintenance Organization (MISMO) format for all Messages in Order Management.	OM-1904
<b>CrossCountry – Update workflow to trigger evaluation of data upon appraisal delivery</b> Enhanced functionality to change the timing of the evaluation to determine whether the appraisal should be marked as completed or added to the Review Queue from the time of the order to the time of appraisal delivery.	OM-2290
<b>New Title Order screen is displaying Title Provider Drop-down when Title State config is enabled for allocation</b> The new Title Order screen displays the Title Provider drop-down when the user does not have permission to change the Title Provider.	OM-2301
<b>Create logging solution for PennyMac failed messages</b> Created a solution to log message delivery failed status with error descriptions and developed reporting to manage manually redropping failed messages.	OM-2308
