

Order Management

Production Release Notes October 25, 2023

2 Updates

Enhancement Overview:

| Jira ID | Enhancement Name | Order Management Website & Application | Encompass | Integration API XML | Other |
|---------|--|--|-----------|---------------------|-------|
| OM-8224 | Appraisal 1004P Upload Status Functionality | X | | | |
| OM-8182 | User Info – Phone Field – Digits are Misplaced | X | | | |

2 Fixed Issues:

| | |
|---------|---|
| OM-8224 | Appraisal 1004P Upload Status Functionality Updated functionality so the system will display the Appraisal 1004P Uploaded status and trigger the Appraisal Completed status when the Appraisal 1004P document is uploaded. |
| OM-8182 | User Info - Phone Field - Digits are Misplaced This fix updates functionality so the digits in the Phone field display correctly within the User Info popup box. Prior to this fix, the digits were not displaying in the proper format. |
