

Order Management

SIT/UAT Release Notes 02/06/2024

Jira ID	Enhancement Name	Order Management Website & Application	Encompass	Integration API XML	Other
OM-6945	Require AMC for Appraisal Order Submission	X			
OM-7003	Update Fees Screen to Always Display Provider Dropdown	X			
OM-8782	Invalid Address Message Received when Trying to Obtain a HELOC Recommendation	X			
OM-9630	Update Title List View	X			

4 Fixed Issues:

OM-6945	Require AMC for Appraisal Order Submission This fix updates functionality so an Appraisal order can be placed only when an AMC has been assigned.
OM-7003	Update Fees Screen to Always Display Provider Dropdown This fix updates functionality so the Provider dropdown always displays on the Fees screen.
OM-8782	Invalid Address Message Received when Trying to Obtain a HELOC Recommendation This fix updates functionality so HELOC recommendations are populating.
OM-9630	Update Title List View This fix updates functionality so a title order appears once in the list view.
