**CLOSINGCORP NAMED A HW TECH100 WINNER FOR
FOURTH CONSECUTIVE YEAR**

SAN DIEGO, Calif., March 7, 2017 – ClosingCorp, a leading provider of residential real estate closing cost data and technology for the mortgage and real estate services industries, announced today that they have been recognized as one of HousingWire’s 2017 HW Tech100™ winners.

Now in its fourth year, the HW Tech100 recognizes the 100 most innovative technology companies spanning the entire housing industry. The award was developed to recognize the increasingly important role of technology companies in the mortgage space. This marks the fourth consecutive year that ClosingCorp has earned the respected industry award.

ClosingCorp was recognized for the introduction of their relaunched Loan Estimate (LE) and Good Faith Estimate (GFE) solutions, SmartFees this past year. SmartFees integrates loan file information, transfer tax and recording data, service provider fees and lender business rules and requirements into a single, seamless process and platform. SmartFees produces fee data from more than 70,000 rate cards through the ClosingCorp Network. The network delivers nationwide coverage and is comprised of 20,000 individual service providers covering more than 30 service categories such as title, settlement, appraisal, inspections, engineering and surveys.

“The companies in the 2017 HW Tech100 cover the entire mortgage finance spectrum. There’s hardly a corner of our industry that hasn’t been transformed in some way, either by Fintech startups focusing on a specific software need or legacy companies evolving to compete in the new environment,” said HousingWire Magazine Editor Sarah Wheeler.

“Now more than ever, these companies are delivering the innovation this industry needs to do its most important job: supporting the American Dream.”

“We are honored to be recognized by HousingWire as one of the most innovative technology companies in the industry for the fourth consecutive year,” said Bob Jennings, chief executive officer of ClosingCorp. “I’m incredibly proud of our team for this recognition of our dedication to delivering automated, accurate, complete closing cost data streamlined directly into many of the industry’s leading LOS systems. This award speaks volumes about the capabilities of the best-in-class service we are able to offer our customers.”

About ClosingCorp

Headquartered in San Diego, Calif., ClosingCorp owns and operates the premier source of intelligence for closing costs and service providers in the U.S. residential real estate industry. Through innovative solutions, progressive technologies and strong alliances, the company delivers timely, accurate and transparent results that help optimize closing processes and services for mortgage lenders, title and settlement companies and real estate professionals.
